

Putt-Putt Day!

**3rd ANNUAL PUTT-PUTT CHALLENGE JUNE 13, 2009
11:00am – 4:00pm**

Dear Business Partners and Main Street Buddies,

You've been waiting for it, and it's finally here: Putt-Putt 2009. In 2008, we had over 800 players (and another 800 "watchers") at this one-day community event, and we want to make this year even better.

This year, we have an extra reason to celebrate, as Marengo Main Street was officially inducted into the Illinois Main Street program on March 26, 2009. So come and join the party! We're offering you an opportunity to create your own unique "mini-putt" hole. There's even a "Best in Show" trophy that is currently residing at the Marengo Fire Protection District's station house. They seem to think they can repeat this year. Are you ready to challenge that notion?

If your talents lean in other directions, we have many ways you can help to make Putt-Putt 2009 a success:

Build and operate a hole. Make it your own!

Sponsor a hole in order for a local youth or non-profit group to participate

Financial Sponsorship (no event can be done on good ideas alone)

Printing of Score Cards

Pencils

Keepsake Golf Balls

Putters

Trophies

Prizes and giveaways

Advertising (Costs and Supplies)

Your Time – Volunteer to help

We are looking forward to your early response so do not delay. We expect a substantial increase in participating businesses, because the event was very popular last year. So, space may be limited. Fill out the attached participation form now!

If you have any questions you can simply contact Pam Gitta, Marengo Main Street Executive Director at **815-568-8440** or dir@marengomainstreet.org or stop by in person at **116 S State Street**.

Sincerely,

Marengo Main Street

We are so glad you have decided to present a Putt-Putt hole for the 3rd Annual Marengo Putt-Putt Challenge. You and your organization are the stars of this community event. Here are some guidelines to keep in mind when designing and building your mini golf hole:

1. Safety is the most important thing! When creating your hole please keep in mind sharp edges, accessibility, trip hazards, stability and ability to exit your hole.
2. No more than a 3 par hole. We want to keep things moving
3. Keep the size of your entry manageable so you can easily transport, set up and take it down.
4. Give last year's hole a new twist!!
