

“Change”

Sponsored by: Marengo Coin Shop

Artist: Linda Ernster Hamsher – Writing on the Wall Painting

Interpretation: “Change” represents a shift in thinking. We can not grow as a culture until we embrace what we have and rethink how we spend our limited resources. Everyone needs a little change....

Artist Bio: “Writing on the Wall” painting started as a business dedicated to bringing beauty to homes and businesses by using paint color, texture, and illusion to walls and objects. As the years progress I consider myself an artist more than a mere “painter.” Transforming and reusing discarded objects has always been something I’ve dabbled in. So converting a simple rain barrel into art fit!
